Terms & Conditions

Syarat dan Ketentuan

How We Weigh Your Order

Weighed dry upon arrival — this is the basis of your invoice. Shuttle orders are confirmed at collection before processing begins.

1

Turnaround Times

Express: 4–5 hrs (before 5pm). One Day: 24 hrs. Regular: 2–3 days. Any delays communicated via WhatsApp.

2

Stains & Pre-existing Condition

All items photographed on arrival. We contact you before processing anything unusual — old or set-in stains cannot always be fully removed.

3

Stain Treatment

Quoted separately and confirmed before any treatment begins. No charges without your approval.

4

Damage & Claims

Claims must be raised at the time of return — not after items have been taken. Declare high-value pieces before processing.

5

Items We Cannot Accept

We may decline heavily contaminated items or those without a readable care label. We'll always contact you before returning anything unprocessed.

6

Care Labels & Customer Responsibility

Missing or illegible labels are handled with professional judgment — results cannot be fully guaranteed. Inform us of any special requirements beforehand.

7

Delicate & Special Items

Silk, cashmere, and embellished pieces must be declared at drop-off or collection. Undeclared delicate items fall outside our damage claim scope.

8

Lost or Missing Items

Report within 24 hours of receiving your order. We investigate using item records and keep you updated throughout.

9

Order Documentation

Every order is photographed and recorded on arrival for quality control and dispute resolution only. Never shared with third parties.
